PRICE OF ZINC HIGHER, BUT SALES LESS THAN YEAR AGO.

High at \$40-Producers Hold

Joplin, Mo., May 17 .- Zinc ore sold at 340 and lead at \$54 per ton for choice grades during the week, against \$35 for zinc and were less by 1.842 tons of zinc and 174 tons of lead, and in value 230,111, because some of the purchasing agents are buving less ore and some of the sellers are holding their ore for higher prices.

As a result the reserve stock is growing larger the past two weeks, but it is in the hands of producers who have successfully held their ore before. Purchasing agents assert, as they have always claimed in the past, that the price is too high and must come down.

Producers assert that if ore continues to go down for several weeks it will as surely advance later and to even a higher point than it receded from. The latter claims are hased on the limited output of sinc ore this year. were less by 1.642 tons of zinc and 174 tons Henry Lihou, Secretary.

The waist is mounted on a glove-fitted featherbone lining of pale blue taffeta, which closes in the center front. The back is plain across the shoulders and slight fullness is arranged in gathers at the neck in front. The waist blouders and slight fullness is arranged in gathers at the neck in front.
